2.4.5

2

Give way

Home

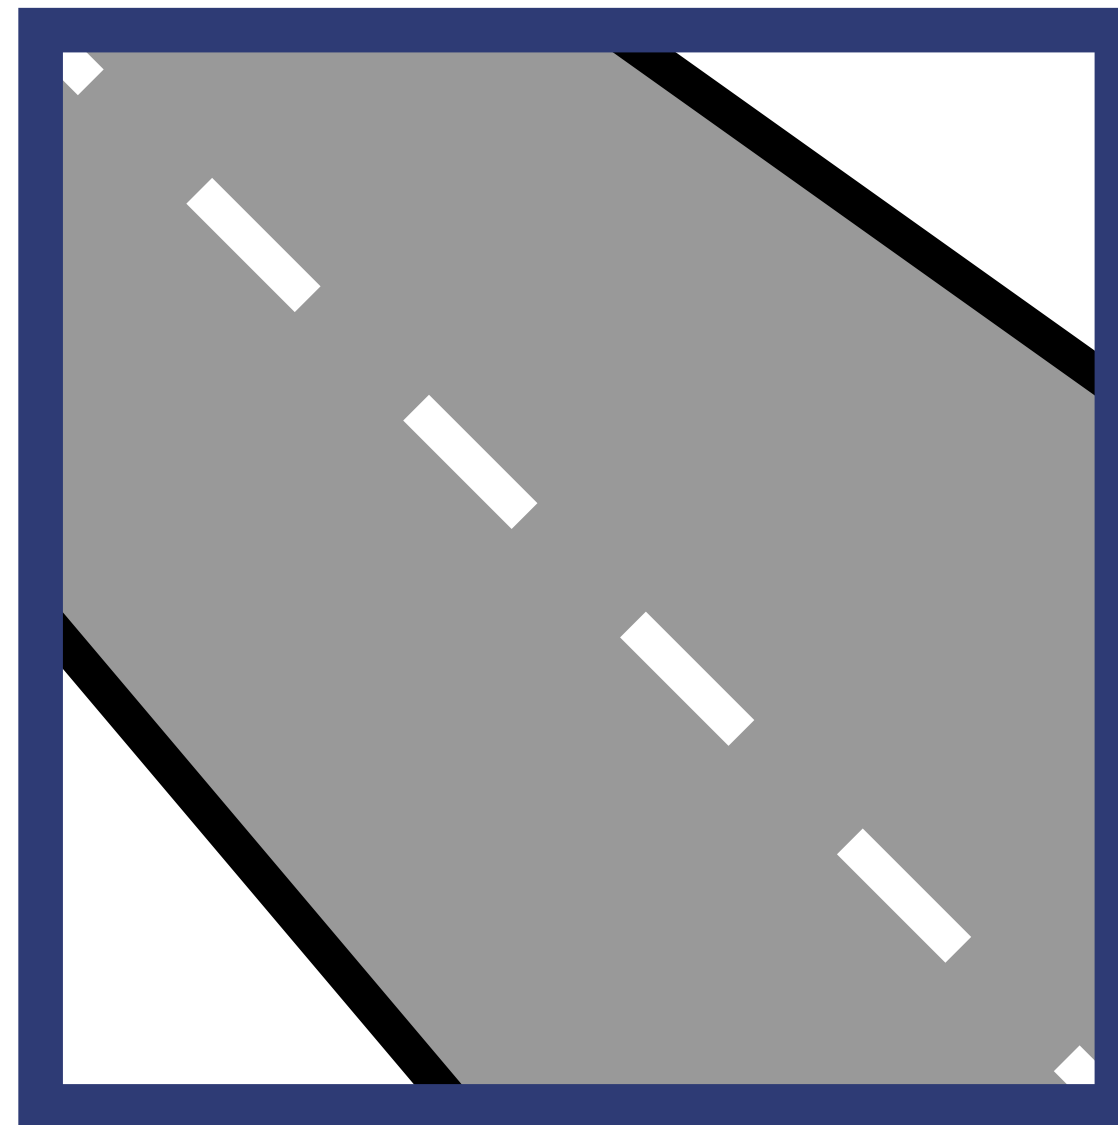

2

Info and guidelines

Road signages

2.4.6

One dotted line: warning from danger and not allowing overtaking unless one's sure the road ahead is clear

Home

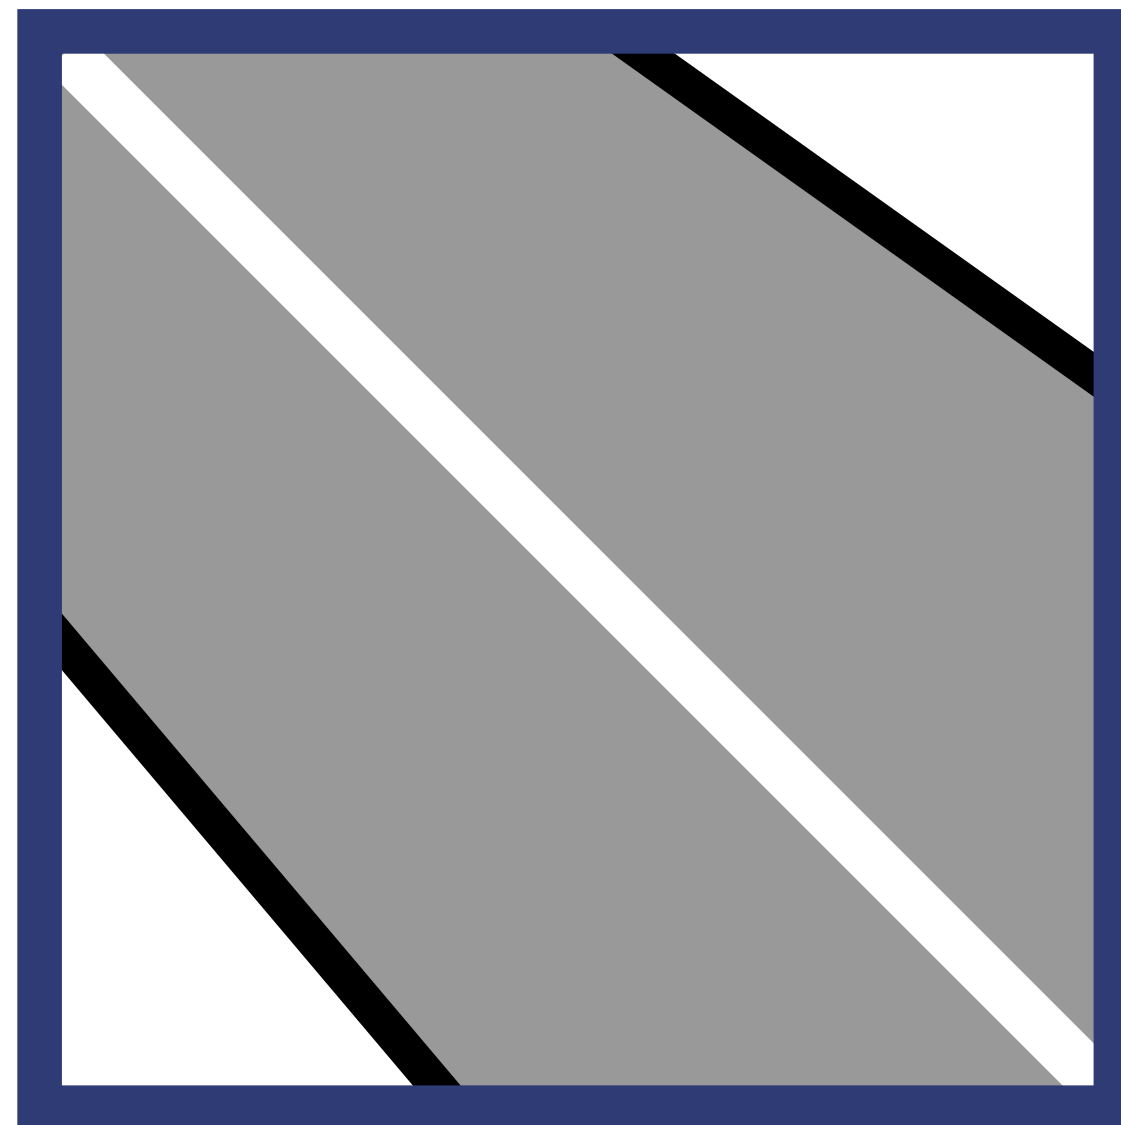

2

Info and guidelines

Road signages

2.4.6

One continuous non-dotted line:
Overtaking isn't allowed in case of entering or exiting one of the buildings or sub-roads, in the case of a traffic officer ordering so or when avoiding an obstacle in the road

Home

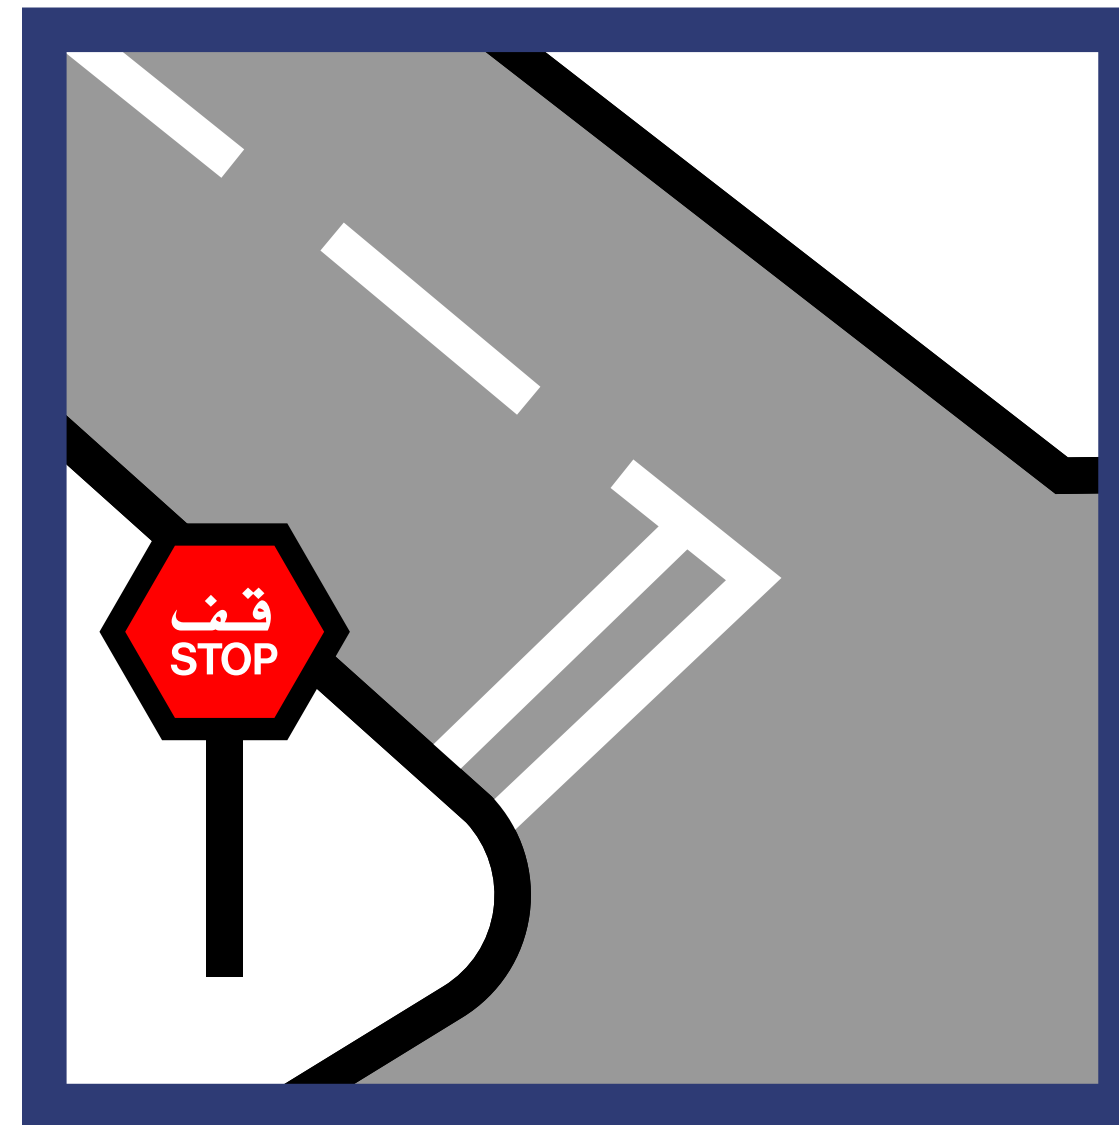

2

Info and guidelines

Road signages

2.4.6

Vehicle must stop completely behind the double line along the track at junctions even without the stop sign

Home

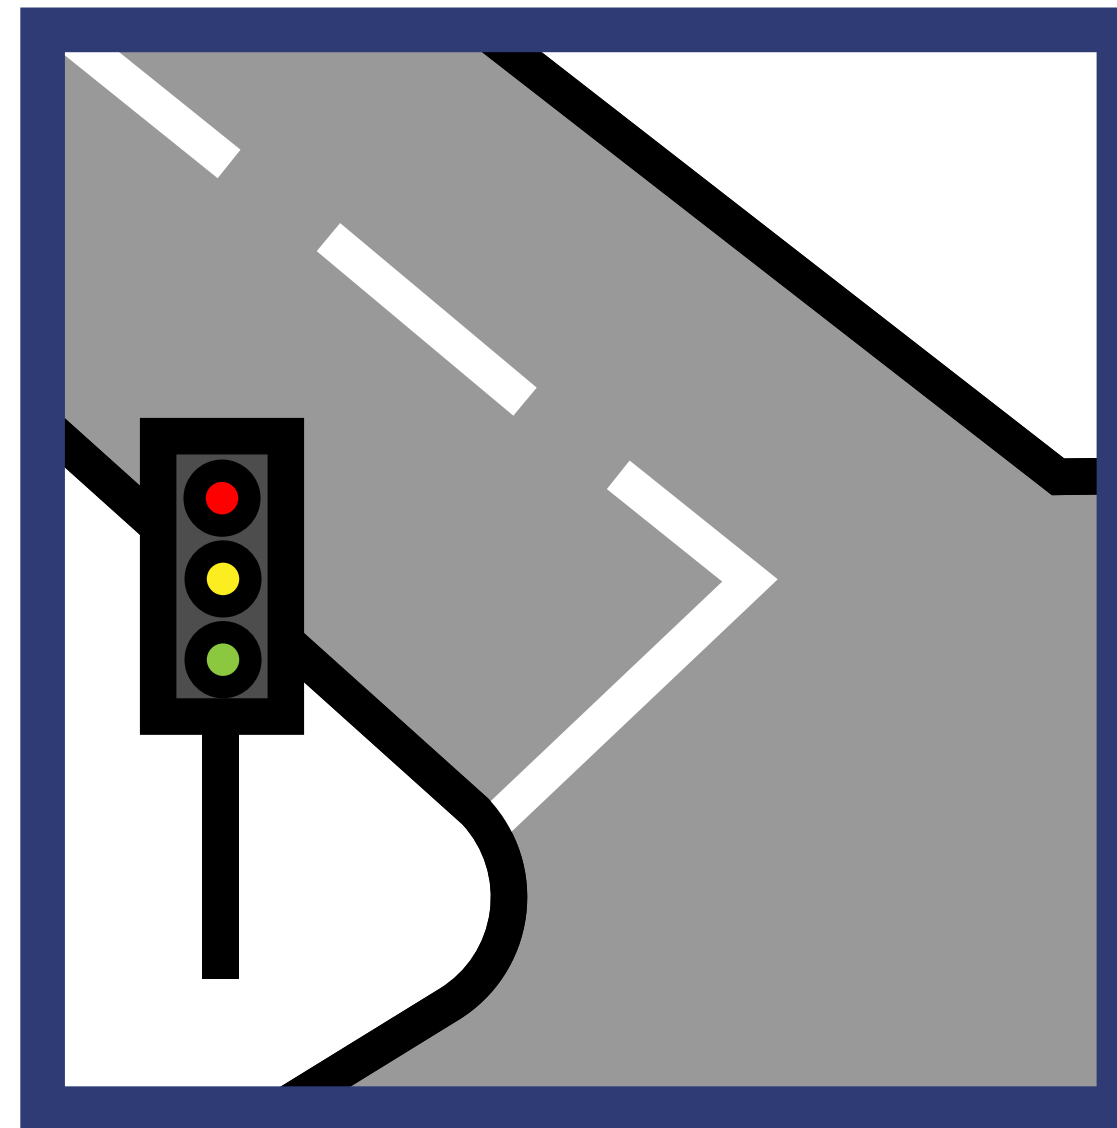

2

Info and guidelines

Road signages

2.4.6

the line across the track at junctions usually has a “stop” sign and the vehicle must stop completely at the white line.

Home

2

Info and guidelines

Road signages

2.4.6

Dotted single or double lines along the track at junctions means the driver must give way to the vehicles coming from the left and drive carefully after checking that the road on the left is clear

Home

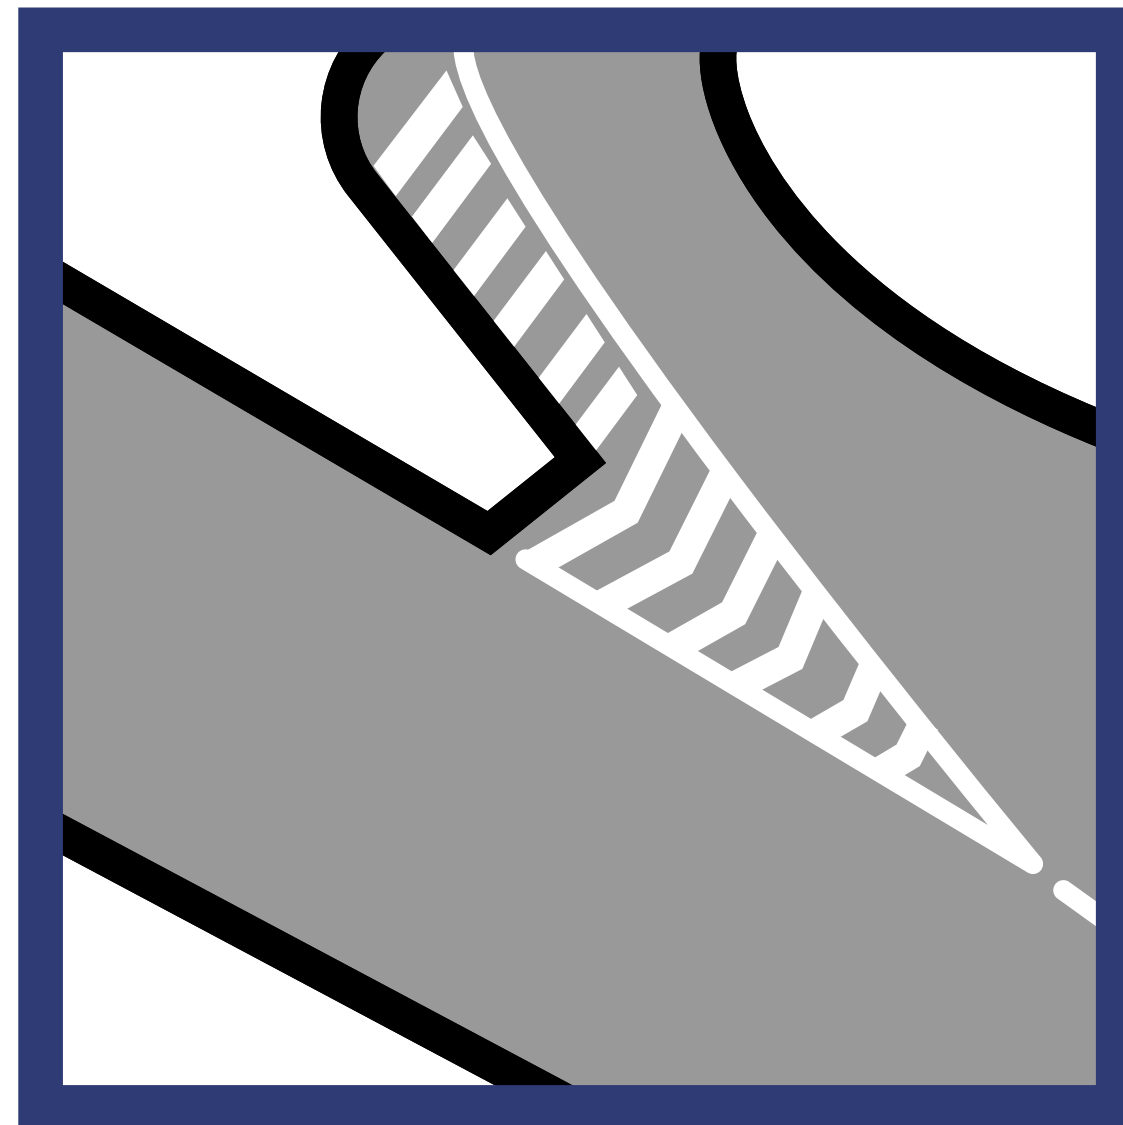

2

Info and guidelines

Road signages

2.4.6

Areas marked with diagonal lines are to separate traffics going in one way but on the side of the middle sidewalk in a gradual separation. It's prohibited for vehicles to pass over these lines

Home

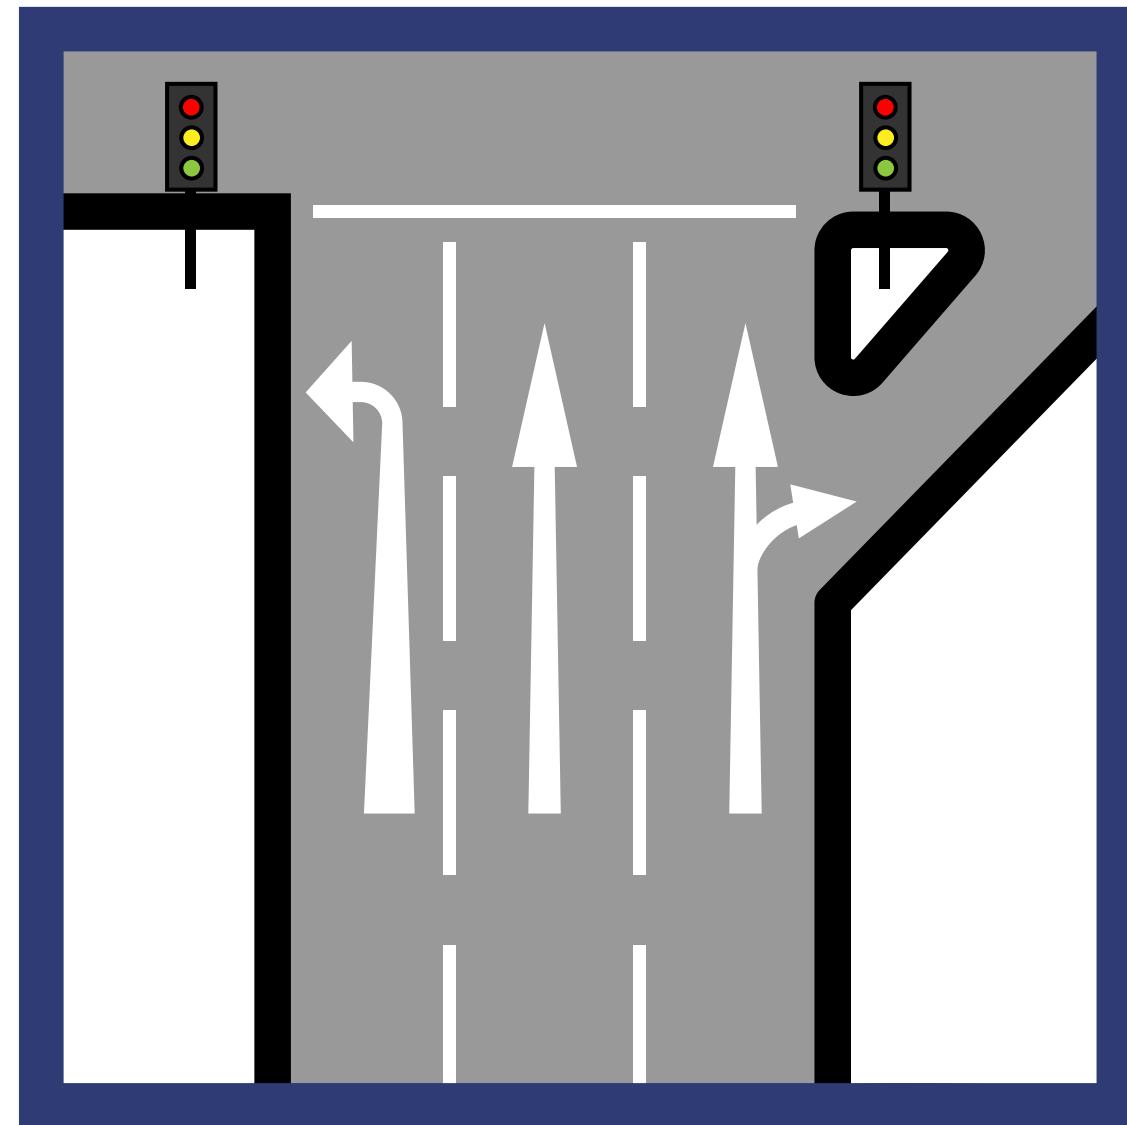

2

Info and guidelines

Road signages

2.4.6

Arrows indicate the correct track which the driver should take in the coming junction, depending on the intended turn. There are traffic lights at the junction and near the roundabouts, be sure to always take the right track.
